READ ME

I played these games before Game24h.vn taken down and no more used anymore (27/8/2025) Luckily my Adobe Flash Emulatior saved the history of that game. Most of the list is cooking games because I used to play that game when I was 10 years old

How to open: install Extensions ruffle.rs into Chrome and Paste the game in Link format into the URL bar and enjoy

For more help, please inbox me
